# EXPLORE THE PENNINE CANALS 2014 WITH SHIRE CRUISERS

# WELCOME TO YORKSHIRE...

This brochure gives you all the information you need to plan and book a boating holiday with Shire Cruisers. We are a long-established family firm, and have built up a reputation for quality: both in our service and boat-handling training, and in the design, fit-out and equipment of our boats.

Our varied routes give access to the best scenery in the North, including the strikingly beautiful Yorkshire side of the Rochdale Canal, many people's favourite waterway. Our second base, on the summit of the Leeds & Liverpool Canal, is ideal for a leisurely exploration of this stunning canal on the edge of the Yorkshire Dales.

The northern waterways are uncrowded, with enough other boats for company and interest, but you seldom see queues at locks or moorings. So leave the crowds in the midlands, and find a new boating freedom with Shire Cruisers.

Our boats and our all-important training programme are independently assessed, to help us ensure you get the quality you deserve.

Whether you are an experienced boater or have never been before, and whether you have three days or three weeks for your boating holiday, we very much look forward to welcoming you.

*Nigel and Susan Stevens*

# QUALITY ASSURED...

## Your holiday is important to you. So it's important to us that your boat provides everything you expect of it, and that our service is all that you require.

We design and fit all our boats ourselves. Careful planning and meticulous craftsmanship make our boats comfortable, light and pleasant to be in. Constant attention by our dedicated team keeps the boats in excellent condition. And we make sure they're well equipped and clean. Just in case you need it, we provide 24-hour backup service. Every year, we ask enjoyEngland to check that we are keeping up to standards you expect.

We believe our information service, from booking to holiday, is unrivalled. We know our local waterways well and are happy to advise on routes before you book.

The Information Pack we send you five weeks or so before the holiday contains the Canal & River Trust Boater's Handbook and DVD, plus our exclusive Holiday Guide and Route Companion

giving detailed information on your boat and its contents, routes, arrival information, and everything you need to know. You can also see the Pack online once your booking is confirmed.

On board are a comprehensive boat manual, again written by us, with safety and timing information, and guide books, so you can take your holiday with complete confidence. We take great care with our boat handover and lock instruction, which are Quality Assured by the British Marine Federation. We shall do all we can to make your holiday with us the greatest success.

## WHAT'S ON BOARD

We give you a wide choice of boats and accommodation layouts. Some boats have fixed double beds. On others you can choose whether a cabin has a fixed double or two fixed singles – we set it up as you request. The beds go length-ways so there is always room to walk past. Many boats have two loos.

All boats have forward facing windows, radiator central heating, showers, fresh water flush toilets, four-burner cookers with grill and oven, microwaves, fridges (with icebox), filtered drinking water, lots of worktop and storage space, colour TV/DVDs, radio CDs, hair dryers and power points for your phone chargers and hair straighteners. A full inventory, bed linen and cruising guides are supplied. Bed guards can be fitted for babies.

For detailed specifications and pictures of every boat, showing the different bed arrangements, see our website.

# DISCOVER...

.... a new view of Yorkshire, where the scenery is grander, the waterways less crowded – and the beer cheaper!

Three canals cross the Pennines, each having its own character, but sharing the boldness of their creators, and of those who have restored parts which once were closed. Today you can see their history all around as you travel, and also how the West Riding is adapting to 21st century life.

The **Leeds & Liverpool**, to the north, makes its way through glorious scenery from major cities to the edge of the Dales. Explore this from our Barnoldswick base, or for experienced crews, on a one way trip.

The **Rochdale**, in the middle, is a broad canal which punches across the Pennines. Boaters enjoy its romantic scenery and stone-built towns as they climb towards the summit.

The **Huddersfield Narrow**, to the south, gives dramatic views of the moors as it climbs towards the longest and highest canal tunnel in Britain.

**These three canals are linked on the Yorkshire side by river navigations:**

The **Calder & Hebble** is an old navigation, hidden in the trees.

The **Aire & Calder** is a modern waterway which successfully mixes growing pleasure traffic with environmentally friendly bulk transport.

Our Yorkshire waterways offer a fresh discovery round every corner. Whichever bit you want to explore, we can get you there.

The map shows where your journey can take you, and on later pages you will find descriptions of routes we recommend, next to the boats you can travel on.

**There is a lot more information on routes, recommended pubs and restaurants, and our boats, on [www.shirecruisers.co.uk](http://www.shirecruisers.co.uk).**

## SHORT BREAK ROUTES Mileages and times (for guidance) are for the return trip.

### 1. Hebden Bridge & Todmorden 20 miles 32 locks 16 hours

Leaving our historic canal basin, your journey begins with the excitement of a new tunnel and the deepest lock in the country. The canal gradually climbs through woods, fields and small stone towns to Hebden Bridge. This old mill town nestles in a fork in the hills, houses piled tier upon tier. Hebden has excellent shops and is full of surprises – everything from horsey clothing to hand-made pottery.

Untie, and go on up the valley, its sides closing in with crags and trees and views of the moors high above. A stream runs alongside, and the locks are set among woods or stone cottages. The Pennine Way crosses at Callis.

So to Todmorden, completely untouristy yet with much to enjoy: fine Victorian buildings, especially the Town Hall, a lively market and many places to eat and drink, all dominated by a curving railway viaduct.

Make your way back. This trip gives you plenty of time for walks, the pubs or simply to sit and unwind, especially if you go Monday-Friday.

### 2. Hebden Bridge & Brighouse 24 miles 34 locks 16 hours

Go up to Hebden Bridge, explore a bit, then head back and down to Brighouse, through a wider part of the valley with woods, lakes and views of the river. Brighouse basin is a quiet mooring near the centre of town.

### 3. Brighouse & Shepley Bridge 23 miles 32 locks 16 hours

Sail down the leafy Calder & Hebble Navigation to Elland, with two canalside pubs. At Brighouse, an interesting town with useful shops and places to eat as well as the eponymous brass band, you leave the canal and drop into the River Calder. Pass under a towering motorway viaduct, a reminder of the world you left behind. The river winds on its timeless way, until you arrive at Shepley Bridge, where a riverside pub will refresh you for your return journey.

**NORTHUMBERLAND & WESTMORLAND** Sleeps: 6 + 4 Length: 56ft.

Berths: two doubles and six singles, or one double and eight singles.

*These boats have good accommodation for a large party, but are priced to make them attractive to a smaller group. Raised dinette and settee, with two tables. Top bunks can be fitted over single beds. Generous storage. Fitted hob and oven, tiled worktop. Microwave. Shower and two toilets.*

**10/ 11 NIGHT ROUTES**

**4. Skipton**

**136 miles 128 locks 66 hours**

Climb the five-rise at Bingley (Route 8) then enjoy extensive views of Airedale all the way to Skipton. Don't miss the castle! This return journey needs long days and good timing.

# OUT & BACK : From Sowerby Bridge - Saturday start

These holidays give you the freedom to roam as you please, following one of our suggested routes or your own inclinations.

- The boats on pages 8 & 9 start on Saturday at 1pm and return to Sowerby Bridge Saturday 9am.
- The holidays on pages 8 & 9 can also be taken with the boats on pages 6 & 7 starting Friday or Monday.

**STAFFORD** Sleeps: 2 + 2. Length: 48ft.

**Berths:** one fixed double, or two fixed singles, plus saloon convertible to double or two singles.

*A very spacious two berth, which actually has plenty of room for four. Fitted hob and oven, tiled worktop. Microwave. Tiled bathroom, shower cubicle. Semi-traditional back end with open seating.*

## OUT & BACK SEVEN NIGHT ROUTES Mileages and times (for guidance) are for the return trip.

### 5. Walsden & Brighouse 37 miles 76 locks 30 hours

This route is packed with dramatic scenery and romantic views. Go to Todmorden (Route 1). Pass the Great Wall of Todmorden, go under a splendidly overdone Gothic railway bridge, then stop at the Cross Keys. Turn below Lock 33.

On your return trip, go down the Calder Valley through the woods to Brighouse. Good shopping, including a Sainsbury's with its own moorings, plentiful pubs and time to relax. Finally, make your way back to base.

### 6. Littleborough 32 miles 94 locks 38 hours

This enables you to cross the summit, the second highest (just) in England at 600'. Take Route 1 to Todmorden. Soon the going gets serious – more Alpine than Pennine. Pause at the Summit Inn, your first in Lancashire, before making the steep drop into Littleborough, 12 locks in 2 miles. Turn near the railway station.

**Navigation note:** This journey is recommended for experienced crews only.

### 7. Marsden (bottom of flight) 39 miles 108 locks 40 hours

This gives a good flavour of the Huddersfield Narrow. Go through Brighouse on the Calder & Hebble, then up the Broad Canal to Huddersfield. Set out on the Narrow, climbing steadily out of town towards Slaithwaite. Turn here, or go beyond to the bottom of the Marsden flight.

**Navigation note:** The Huddersfield Narrow is recommended for experienced crews only. It is not possible to go through Standedge Tunnel on an out and back holiday: see p11 for one way trips which enable this.

### WORCESTER Sleeps: 4 + 1 Length 56ft.

Berths: two fixed doubles or four fixed singles, plus saloon convertible to one single.

*Two bathrooms, one with corner shower and one with bath and shower. The beds are made up by us as doubles or singles as you wish – you can walk round in either case. Kitchen with fitted hob and oven, tiled worktop. Microwave. Two toilets. Semi-traditional back end with open seating.*

## OUT & BACK SEVEN NIGHT ROUTES Mileages and times (for guidance) are for the return trip.

### 8. Bingley 5-rise 110 miles 118 locks 54 hours

Go to Shepley Bridge (Route 3). Carry on through Wakefield, with its new Barbara Hepworth museum – then at Stanley Ferry see the aqueduct, like a miniature Sydney Harbour Bridge. You are now on the Aire & Calder, which retains the fascination of a commercial waterway, though there are now many more pleasure boats than barges. Electric locks and a wide channel help you speed (relatively) round to Leeds, where you sail past the regenerated waterfront. Then join the Leeds & Liverpool Canal which quickly escapes along its own way through fields and woods, with spectacular views of old West Riding industry - particularly Sir Titus Salt's Italianate mills and model town at Saltaire, with its Hockney museum. There are several staircase locks along the way, which culminate in the Five Rise Locks at Bingley, one of the Seven Wonders of the Waterways. Return the same way; this is a very energetic trip for the more experienced

### 9. Selby 96 miles 68 locks 40 hours

From Stanley Ferry (see above) go to Castleford and keep on the main line of the Aire & Calder Navigation to Knottingley. This section briefly passes through an industrial hinterland, but is full of interest because water-borne freight comes through. At Bank Dole you leave the main line and its electric locks, to drop into the Aire as it winds through farmland, stopping occasionally at pretty brick-built villages. And so to Selby, where you can explore the ancient Abbey and market, before taking the train to York – you could have time for a full day there. This return trip is relatively easy.

**Navigation note:** We do not recommend passage beyond Selby onto the tidal Ouse

## 14 NIGHT ROUTES

### 10. Barrowford 170 miles 156 locks 92 hours

After Skipton (Route 4) the canal wanders through the moors before bringing you to Foulridge Tunnel - 1640 yards driven through the top of the Pennines. Turn at Barrowford.

### 11. South Pennine Ring 71 miles 197 locks 80 hours

This exhilarating journey crosses the Pennines twice, and includes passage of England's longest and highest tunnel. The scenery varies from dramatic Pennine views to the highs (and lows) of city life. For details of the route, see our website.

**Navigation note:** Previous experience essential. See p11 Notes for the HNC and Rochdale. Minimum journey time 11 days. Please tell us when you book that you intend to do the Ring so that we may advise on direction of travel, timing and booking.

## 21 NIGHT ROUTES

### 12. Outer Pennine Rings 192 miles 248 locks 130 hours via Huddersfield; 185 miles 215 locks 115 hours via Rochdale

Cross the Pennines twice, via Huddersfield or Rochdale and the Leeds & Liverpool. Demanding journeys for real enthusiasts, with an extraordinary variety of sights along the way.

**Navigation note:** for Route 6.

79 miles 79 locks 45 hours

One of the great canal journeys, this takes you across the backbone of England and through the heart of the West Riding, in scenery varying from the timeless calm of the L & L summit to the hubbub of just-built waterfront Leeds. Follow Routes 3, 8 & 4, and finish on the summit of the Leeds & Liverpool.

### Fourteen Night One Way Routes

**14. Between Sowerby Bridge and Barnoldswick, via Leeds, with extensions of your choice**

As well as making the one-way trip, explore further afield.

103 miles 136 locks 65 hours via Rochdale

Cross the Pennines by the Rochdale (Route 17), go through Manchester with its new canalside night-life, and then tackle the Wigan 21. A long cruise with relatively few locks through Lancashire brings you to Barnoldswick.

### Transfer arrangements for Barnoldswick and Ashton

Your direction of travel will be advised the week before you start: it depends on that taken by previous crews.

You will come first to Sowerby Bridge whichever way the boat is going. All cars are parked here. The easy 20-mile transfer by minibus to or from Barnoldswick or Ashton will accordingly be at either the beginning or the end of your holiday. Cost about £11 per head, minimum £45. Full information is sent to you in good time and details are discussed with you. Those travelling entirely by train can get to Ashton (Guide Bridge station), Skipton (taxi required for Barnoldswick) and Sowerby Bridge from main line trains at Manchester or Leeds. **Navigation notes: See opposite.**

## Between Sowerby Bridge and Ashton-under-Lyne by the Huddersfield Narrow or Rochdale

### Available only on Cornwall - Saturday Start

We pioneered the newly restored Huddersfield Narrow and Rochdale Canals, and are the largest operator on them. So we can give you all the information and support you need to enjoy more demanding routes such as these one way trips or the South Pennine Ring.

**CORNWALL** Sleeps: 4 + 2 Can accommodate up to 8. Length 56ft. Berths: two fixed doubles, or one fixed double and two or four fixed singles, plus saloon convertible to double or two singles.

## SEVEN NIGHT AND 14 NIGHT ONE WAY ROUTES Mileages and times (for guidance) are for the one-way route.

### Seven Night One Way Routes

#### 16. Huddersfield Pioneers.

33 miles 97 locks 40 hours

Sail down the Calder Valley to Brighouse, then turn up the Broad Canal to Huddersfield. The Huddersfield Narrow starts in the University, and climbs out of town, then through woods, fields and small towns towards its dramatic passage under the moors through Standedge Tunnel, the longest and highest in Britain. Canal & River Trust staff will guide you through the tunnel. On the far side, drop through Uppermill and Stalybridge to finish in Ashton.

#### 17. Rochdale Pioneers

38 miles 100 locks 36 hours

Cross the summit to Littleborough (Route 6). Then descend through town and country, right to the centre of Manchester. Pubs and restaurants welcome boaters, and the city is full of life and things to do. Finally, follow the Ashton to base.

### Fourteen Night One Way Route

#### 18. Pennines and Peaks

38 miles 100 locks 36 hours minimum

As well as crossing the Pennines, you can spend a week exploring the Peak Forest and Macclesfield, or even do the Cheshire Ring.

### Navigation notes:

One way trips require an active crew, all keen to do 8 hours or so boating a day; all routes have many locks and the L & L also has many swing bridges!

**At least one of the crew must have adequate experience** - you need to know how to pace yourselves, and we cannot give lock instruction to those who start from Ashton. We will give details on timing etc. in the Information Pack posted to you before your holiday and viewable online after booking.

The HNC and western half of the Rochdale are not yet in as good a condition as other waterways and you may experience difficulty or delays. Standedge Tunnel must be booked; we will do this for you. One way trips are usually not available at the very start and end of the season.

# BARNOLDSWICK BASE: short Breaks and longer Out

From our base on the summit of the Leeds & Liverpool Canal, explore east towards Skipton, or west into Lancashire.

- The boats on pages 12 & 13 start on Friday or Monday at 1pm and return to Barnoldswick 9am.
- The boats on pages 12 & 13 can also do the Outer and Northern Pennine Rings – see page 9.

**WARWICK** Sleeps: 2 + 1. Length: 46ft.

**Berths:** one fixed double and one single.

*A super-spacious two-berth with a fixed double bed and separate sitting and dining areas. Kitchen with fitted hob and oven, tiled worktop. Microwave. Shower bath. Semi-traditional back end with open seating. Third person on convertible settee.*

## OUT & BACK THREE OR FOUR NIGHT ROUTES Mileages and times (for guidance) are for the return trip.

### 19. Summit relaxation 20 miles 6 locks 8 hours

The ultimate in slowing down: take this route if you just want to switch off. Set off through Barnoldswick, a Yorkshire town summarily transferred to Lancashire in 1974, then we'll escort you through the three locks at Greenberfield. Stop at the Cross Keys at East Marton and enjoy a good meal in lively company. Next day, set off into one of the remotest and most beautiful places anywhere on the canals, with sheep and birds in all directions. Turn before Bank Newton, and go back past the boatyard to Foulridge. Travel through the mysterious tunnel and turn before the top of Barrowford, before making your way back. Don't miss the Abbot's Harbour at East Marton, the Anchor at Salterforth or Café Cargo at Foulridge.

### 20. Gargrave 16 miles 24 locks 12 hours

This route winds along the contours on the side of Airedale, with extensive views of sheep country, and stone growing out of the landscape – farmhouses, barns, stone walls in all directions and the occasional village or small town. At Greenberfield, you leave the summit level, and paradoxically pass into the wildest scenery, where you could moor for days with no human contact but the occasional passing boat, walker or cyclist. Across the valley, you may see a boat behind a stone wall, apparently heading in the same direction as you on a parallel canal – only to find that you meet on a hairpin bend, and pass. Then the Bank Newton flight leads you round and down into Gargrave, an unspoilt canal village with shops and a great choice of places to eat and drink – our favourite is the Masons Arms. Turn and moor above Higherland Lock before heading back.

### 21. Skipton 26 miles 30 locks 20 hours

After Gargrave (Route 20) it's level for 17 miles, with views of the hills and lots of swing bridges. Quite suddenly, you are in Skipton, and can moor right in the centre of town. Explore the castle, cattle and street markets and shops, before turning to head back.

& back Friday or Monday start

**SOMERSET** Sleeps: 4 + 2. Length 56ft.

**Berths:** two fixed doubles, or four fixed singles, plus saloon convertible to double or two singles.

*A really roomy boat, great for two couples but with room for more. Whichever way you ask us to arrange the beds, you can walk round. Fitted cooker, tiled worktop. Microwave. Corner shower. Two toilets. Semi-traditional back end with open seating.*

## OUT & BACK SEVEN NIGHT ROUTES Mileages and times (for guidance) are for the return trip.

### 22. Bingley 52 miles 30 locks 30 hours

Head for Skipton (Route 21), then carry on along the side of the Aire Valley, with extensive views through the trees. Pass through the romantic village of Kildwick, clinging to the hillside with the canal going placidly through the middle. Silsden is a bigger town, with shops and eating places. Keighley Golf Course has astonishing rhododendrons in May. Moor at Bridge 197A and walk down to East Riddlesden Hall NT, a 17th century manor house with fine garden; or get a bus to Keighley Station, and take the steam train (of Railway Children fame) to Haworth, and walk up the steep hill to the Brontë Parsonage. Turn at the top of the Five Rise.

### 23. Rishton 53 miles 14 locks 20 hours

After Foulridge Tunnel, drop down Barrowford Locks onto the level you will stay with for 20 miles. Sail above Burnley's rooftops on its embankment, another of the Seven Wonders of the waterways. Stop to visit the Weavers' Triangle, full of textile history. Regain more open scenery, and carry on through Church and Rishton. Turn after Bridge 106A. This trip has fairly long urban stretches as well as views of the (Lancashire) Calder valley and Pendle Hill, and is full of industrial history and other interest.

# QUESTIONS & ANSWERS...

## **We have not been boating before. Do we need experience or a driving licence?**

No. The boats are easy to handle. In order to control the boat through the locks you need a minimum of two participating adults, who are not also looking after other people or dogs.

If you've not been on a narrow boat before, then we'll make sure you know what you need to. Before your holiday we'll send you our Information Pack which includes a DVD showing the right way to handle the boat and work locks, as well as detailed route information. There is more information in the manual and cruising guides on your boat.

When you start your holiday we will give you a thorough briefing on the waterway and your boat. One of our experienced staff will show you how to handle the boat and work the first three locks on your journey. Our boat handover procedure is Quality Assured by the British Marine Federation.

## **Which route should we choose?**

If this is your first time on the canals, or you want a leisurely trip, choose an 'out & back' holiday so that you are not committed to any particular schedule. Our out & back routes from Barnoldswick are relatively light on locks.

If you have canal boating experience, enjoy locks and want an active holiday with about 8 hours boating a day – a one way trip or ring might suit you. Ensure that your whole crew is keen to do this. Each route description has more information and there are maps and pictures on our website.

## **Are there lots of locks on all routes?**

To get across the Pennines, the engineers built many locks. Experienced boaters often see the activity and skill of doing locks as one of the main attractions, and so prefer our more hilly routes. But some of our routes – particularly from Barnoldswick – are less heavily locked than others, so there should be something to suit everybody.

## **Are the canals easy to use?**

It's fascinating to travel on waterways which are over 200 years old, but their age means that most structures are not of modern design. This is essential to their charm and you must make allowances if sometimes things are harder to use than you'd like.

## **Will the children be bored?**

No. Children love to help at locks when they can. There are also lots of things to do along the way. As long as children are sensible there is no danger, but we do recommend that they (and any adult non-swimmers) wear life jackets, which we provide free.

## **Can we bring our pets?**

Yes. We make no charge for one dog (or cat, hamster, goldfish ...). Please keep it off the upholstery. Extra dogs will be charged for.

## **Do we have to pay for locks or moorings?**

No. We have paid the boat licence fees for all the canals, and towpath mooring is free.

## **Will we have enough fuel and gas?**

You will have enough free fuel for about 2 weeks' normal cruising. If you need a toilet pumpout or additional gas we will repay you. On adventurous fortnights or longer trips, you may need to buy more diesel.

## **What linen will be provided?**

Double or single duvet set with pillows, pillowcases and blankets as required. We will send you a bedding order form. Tea towels are provided. Towels are not, except for those who book from overseas.

## **Will our car be OK?**

All parking is free.

At Sowerby Bridge, you will park in our yard, behind gates locked at night (you will have a key).

Parking at Barnoldswick (for out & back boats only) is in the marina car park.

We have no parking in Ashton.

### What if we cancel?

You may receive a partial or full refund, depending on how much notice you give, and whether we are able to re-let the boat.

### What about insurance?

You are covered for damage to the boat and third party claims for accidents involving the boat up to £3m. You are responsible for the first £500 of any claim, repairs, or loss of equipment. You will buy a non-returnable waiver of that liability for £50. Our insurance does not cover you for personal accidents and personal possessions, or for cancellation. We strongly recommend that you obtain suitable cover.

### Can we charge up our phone and bring our hair straighteners?

Yes. There are normal 3-pin sockets which can handle anything up to 1000 watts, including chargers, hair straighteners and sleep apnoea machines.

### Is TV reception good?

Our canals are mostly in the bottom of valleys, and reception is often poor. We suggest you watch important matches in the pub!

### Can we bring bikes or canoes?

Yes - but they have to live on the roof, so please bring something to protect our paintwork.

### Can we fish?

The fishing is let to many different clubs, only some of which issue day tickets. You must have a National Rod Licence.

### Why are none of your boats longer than 56'?

To fit the short locks on the Calder & Hebble Navigation.

### Are all routes available?

On any waterway holiday, traffic may occasionally have to stop because, for instance, of emergency repairs to structures, flood on rivers, or water shortage on canals. The Canal & River Trust works very hard to prevent delays, but be prepared to change your route if something goes wrong. We would do everything we could to help, but you would not be entitled to compensation and must make

every effort to get the boat back on time.

### What if we break down or have an accident?

You will have our helpline number. We will give you advice, or come quickly to sort out your problem.

### When will our boat be ready?

Our takeover time is 1pm. You will appreciate that we're very busy until then making sure everything is right for you. There are good lunch places in Sowerby Bridge and Barnoldswick, so you can meet up with the rest of your party.

### ...and when do we give it back?

Please be back by 9am and let us have the boat clean and tidy by 9.30am.

### How do we find you?

See map on back cover. We will meet anyone coming on a long journey if we know which train. For travel from overseas and to Barnoldswick, see 'find us' on our website.

### Where can we stay the night before?

Recommended hotels and B&Bs are on our website.

### Any more questions?

We'll be happy to tell you anything we can. It may help to discuss the features of different boats or routes before you choose; or even better, to look at the boats - but check which will be in the yard on the day you visit. There is a lot more information on our website.

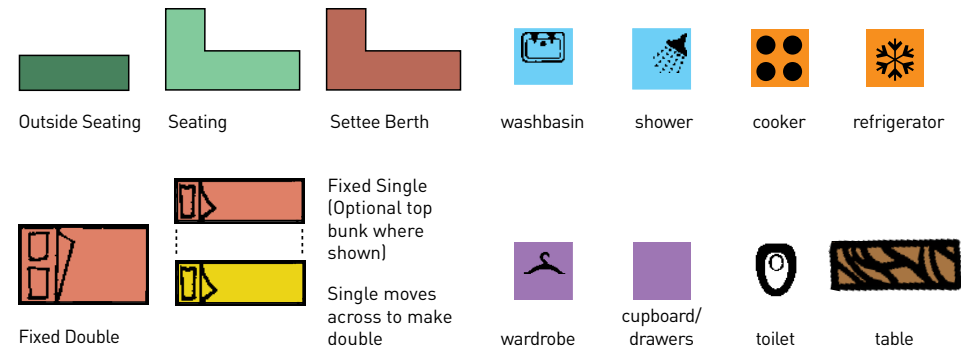

**All our boats are assessed by an independent Tourist Board inspector.**

Star ratings reflect space, facilities and quality.

In 4 star boats, the saloon is only needed for a bed if extra persons are carried.

# HOW TO BOOK

## Choose the route and boat you want and check the prices.

You can check availability and book online at [www.shirecruisers.co.uk](http://www.shirecruisers.co.uk).

Or phone 01422 832712 between 9.30am and 5.00pm Monday to Friday. Out of hours, please email [info@shirecruisers.co.uk](mailto:info@shirecruisers.co.uk) and we'll call you back.

About five weeks before your holiday, we will send your Information Pack, which contains comprehensive guidance on boat handling, use of locks and boating safety. It includes the CRT Boater's Handbook and DVD, our specially written Holiday Guide and Route Companion, plus an inventory list, an order form for bedding and other requirements, and joining instructions.

If you do not already have it, we recommend that you arrange personal and cancellation insurance.

### Holiday Insurance

We insure the boat, including cover for your potential liability to third parties. Your damage waiver removes your liability for the excess on this policy and for non-claimable damage.

If you **cancel** for any reason, you may receive a partial or complete refund, depending on how much notice you give, and whether we are able to re-let the boat. Please see Condition 5.

Our insurance does **not** cover you for:

- Personal accident
- Personal possessions
- Cancellation

We strongly recommend that you take out holiday insurance to protect against these and other risks. If you do not already have suitable insurance, you can readily obtain it on the internet. To make it easy, there's a link to an insurer from the Booking page of our website.

## 2. AGREEMENT TO HIRE

**2.1** When You request a booking you are making an offer to hire a boat on these Conditions. The Hire Agreement itself only comes into existence when the Company sends out the Booking Confirmation. A provisional or conditional booking is not binding and You may cancel it at any time before the Booking Confirmation is sent out to You by the Company. Similarly the Company may hire the boat to another party in place of You at any time before a Booking Confirmation has been sent to You. The entire Agreement between You and the Company is contained in these Conditions, the booking request and the Booking Confirmation.

**2.2** In accepting a booking, the Company's responsibility does not extend beyond the provision of the Boat and in particular there is no warranty that any particular route will be available for navigation during the Hire Period. Bookings for optional extras are taken subject to availability on the start date.

**2.3** Nothing in these Conditions affects Your statutory rights.

## 3. PRICES AND PAYMENT

**3.1** The Company's advertised Prices are in pounds sterling and include Value Added Tax. If the rates of VAT or any other government tax are changed so that a different rate applies to Your hire any difference will be charged or refunded to You as the case may be.

**3.2** The Company reserves the right to correct errors in advertised or quoted prices at the time of booking Confirmation.

**3.3** Payment is deemed to have been made when cash or cleared funds have been received by the Company.

**3.6** For bookings made less than 6 weeks before the Start Date You must pay the full price including Damage Waiver at the time of the booking request.

**3.7** The Company may charge interest at the rate of 3% p.a. over Bank of England base rate on any money which is overdue from the due date until the actual date of full payment.

**3.8** The Booking Confirmation is not a VAT invoice.

**3.9** Fares for taxis booked for You by the Company do not form part of the Price and are payable in cash to the driver on the day. If You cancel such a taxi with less than 24 hours notice, You may remain liable for the fare.

## 4. YOUR PARTY

### Personal agreement and obligations

#### Group Bookings, Age Limits and Unsuitable Hirers

**4.1** The Hire Agreement is a personal one between You and the Company and Your identity is a material factor in the Company's decision to enter into the Agreement. You must be at least 18 years of age at the time of booking. You must be authorised by all other members of Your party to enter into the Agreement on their behalf. The full names, ages and permanent addresses of all members of Your party must be provided to the Company at the time of booking. All changes in Your party (the addition, substitution or removal of any member of the party) which take place at any time after the Booking Confirmation has been issued (including during the hire period) must be communicated in writing and approved by the Company (such approval is not to be unreasonably withheld). You are responsible for making all members of Your party aware of the terms of the Agreement.

#### School parties, youth groups, hen or stag parties, business purposes.

**4.2** The Company's general policy is that it will not enter into Hire Agreements for school parties, youth groups, hen or stag parties or for any commercial purpose without more information about the members of the party and the purpose and nature of the hire occasion. If the Company later becomes aware that Your party actually falls within this policy but that You have not disclosed it to the Company then the Company may terminate Your booking. In this event the deposit and any other part of the Price which you have paid will be retained by the Company and You will remain liable to pay the balance of the Price.

#### The use of alcohol and controlled drugs; Company's right of immediate cancellation

**4.3** The boat shall not be navigated while anyone on board is, or appears to be, under the influence of alcohol or drugs and the Company may cancel Your booking and return to hand the boat over to You or repossess it if You or any member of Your party is or

appears to be under the influence of alcohol or drugs. In such a case the Company shall be entitled to recover any loss, damage and expense from the monies already paid by You and if this is insufficient to cover its loss it shall be entitled to bring a claim against You for the balance of such claim.

#### Company's right to decline handover for safety reasons

**4.4** The Company may cancel Your booking and refuse to hand the boat over to You if, in its reasonable opinion, You are unsuitable to take charge of the boat for any reason that may adversely affect the safety of any person or property. In this event (and provided that You have fully complied with Your obligations under this Agreement) the Company will refund the Deposit and any other monies which You have paid to the Company and the contract shall be discharged without further liability on either party.

#### Company's right to repossess during the hire

**4.5** The Company may repossess the boat at any time after commencement of the Hire Period if in the reasonable opinion of the Company You are unsuitable to be in charge of the boat for any reason affecting the safety of any person or property including in particular if You or any member of Your party is or appears to be under the influence of alcohol or drugs or if You are not behaving responsibly or if there has been a material breach of the terms of this Agreement.

## 5. CANCELLATIONS AND CHANGES REQUESTED BY YOU

**5.1** The Agreement is a legally binding contract and may only be amended or cancelled in accordance with these Conditions.

**5.2** If You want to change or cancel Your booking You must give the Company written notice and return the Booking Confirmation. The date of receipt of the written notice shall be the effective date of change or cancellation but in order to increase the prospects of re-letting the Boat You should pre-advise the Company of any impending change or cancellation by telephone.

**5.3** Cancellation terms apply to the whole party and do not provide for partial refunds in the event of withdrawal by one or more members.

**5.4** The Company shall make the following charges for cancellation, depending on the date on which the Cancellation Notice is received:

Days before Start Date when Cancellation Notice received	Cancellation Charge
More than 56	Loss of Deposit
43-56	50% of Total Price
29-42	70% of Total Price
8-28	85% of Total Price
7 or less	100% of Total Price

**5.5** If the Company re-lets the Boat to a new customer for the Hire Period or part of it then the proceeds will first be applied to make up any shortfall between the Cancellation Charge previously paid by You and the full Price of Your holiday.

**5.6** Any remainder not exceeding the total previously paid by You will be returned to You after deducting an administration fee of £50 for each replacement booking together with any commission paid to agents for re-letting the Boat.

**5.7** Any holiday may be cancelled for any reason before 31 December the previous year and the Company will refund all monies paid.

**5.8** Credit card charges are non-refundable.

**5.9** Bookings may be transferred at the Company's discretion and subject to availability up to 42 days before the start date. A fee of £20 will be charged for any necessary re-invoicing.

**5.10** YOU ARE STRONGLY RECOMMENDED TO PROTECT AGAINST CANCELLATION LIABILITIES BY TAKING OUT CANCELLATION INSURANCE.

## 6. CANCELLATION BY THE COMPANY

**6.1** The Company may cancel the Agreement by written notice in the following circumstances:

**6.1.1** For any of the reasons described in Conditions 4.2, 4.3, 4.4 or 4.5

**6.1.2** In the event of an accident affecting the safety or navigability of the boat

**6.1.3** For breach of any of the rules set out under Condition 9.1

**6.1.4** For non-payment of any sum due under the Agreement

**6.2** The Company is entitled to recover from You any loss which it suffers as a result of cancellation under any of the provisions of Conditions 4.2, 4.3, 4.4 or 4.5 or for breach of Condition 9.1 and it may retain all or part of any payments which You have made as security for such claims. Subject to this if the Company is able to re-let the Boat for all or part of the Hire Period it will give credit for the net sums received as a result of such re-letting and shall prepare and submit to You an account of the claim and of any payment which may be due to You or to the Company within 7 days of the End Date.

## 7. HIRE PERIOD, COLLECTION AND RETURN OF BOAT

**7.1** The Boat will normally be available between 2.00pm and 5.00pm on the Start Date from the base shown on the Booking Confirmation or in the case of one way trips as otherwise indicated to You, subject to the provisions of Condition 7.7.

**7.2** You must notify the Company as soon as possible if Your estimated arrival time is delayed or disrupted as this may lead to difficulties and delays in making the Boat available to You. If you arrive late the Company may not be able to complete the handover till the following day. There will be no rebate of the Price for late arrival nor will the Company accept responsibility for any overnight costs which You may incur if you fail to reach the Boat during normal working hours.

**7.3** Before You take the boat over the Company will give You such instructions, demonstrations and trials as are appropriate, and You will then be required to check and sign the Handover Certificate to indicate that these instructions and demonstrations have been understood.

**7.4** In the event that the boat is not available on the Start Date due to any circumstance for which the Company is not responsible (for example adverse weather or navigation conditions, damage, mechanical breakdown, late return by previous hirer)

the Company may substitute a boat of similar accommodation or at a different location but if no such boat is available the Company shall immediately refund You any payments You have made.

**7.5** The Boat must be returned to its start point or as otherwise agreed or notified under Condition 7.7 and vacated by You by 9.30am on the End Date and it is Your responsibility to allow sufficient time to ensure timely return.

**7.6** If You return the Boat late or to the wrong place because of poor planning on Your part or for another reason which is Your responsibility then You will be liable to pay £50 for every hour or part hour of the delay in returning the Boat or giving possession and the cost of recovering the Boat and any other expenses and losses which the Company may incur as a result of the delay including the loss or cancellation of a subsequent booking.

**7.7** The Company reserves the right to change the place of handover and return for operational reasons. In such event the Company shall be obliged to give You written notice of the change in sufficient time (consistent with the circumstances) to allow any necessary re-planning of Your itinerary and to organise any transport which is reasonably necessary for You and Your party as a result of such change.

## 8. INSURANCE AND DAMAGE WAIVER

**8.1** The Company insures the boat and its equipment against physical loss and damage and against public liability risks. You are entitled to any protection that may be afforded by the Company's insurance policy (subject to any applicable policy excess) but You and members of Your party may become legally liable to the Company or to third parties for loss or damage caused or contributed to by Your acts, omissions or negligence.

**8.2** The Company's policy does not cover personal accident or Your personal belongings and excludes the first £500 of any claim. You are strongly advised to take out Your own personal insurance cover.

**8.3** You will pay a non-refundable Damage Waiver at the same time as payment of the balance Price to cover the Company's policy excess and any uninsured risks except where any loss or damage is caused by speeding, contact with a lock call causing damage to the rudder, skeg or stern gear, the deliberate or negligent act or omission of You or any member of Your party (including where the person concerned is under the influence of alcohol drugs or any similar substance) or any failure by You to comply with these Conditions.
